Another selling point is its flexibility since it lets you assign practically every basic browsing action to the keyboard shortcuts you want.

By Beatriz EscalanteVivaldi browser hits its beta phase Most of us never swerve from the same old, same old when it comes to choosing a desktop browser, but there are lots of alternatives beyond the inveterate Chrome and Firefox.. The Vivaldi project is backed by Jon Stephenson von Tetzchner, cofounder and CEO of the Opera browser, so its chops are in no doubt.
